Fig. 3. Estimated RNA half-lives for different transcript classes. Black bars represent medians, boxes represent upper and lower quartiles, and whiskers represent 1.5 times the interquartile range (4).

mRNA=messenger RNA

lincRNAs=long intergenic noncoding RNAs

asRNA=antisense RNAs

conRNAs=convergent RNAs

uaRNAs=upstream antisense RNAs

sincRNAs=short intergenic ncRNAs [noncoding RNAs]

eRNAs=enhancer RNAs
