

Table 1

Correlation coefficients calculated for different dependences between V_m and the A(n)P level in the system from data given in Fig. 2

	ATP	ADP	AMP	ADP/ATP	ATP ₀ /ATP
V_m (LU/min)	0.75	0.55	0.71	0.71	0.73
$\ln V_m$	0.72	0.58	0.7	0.89	0.96
