Table 1. Density of chemical components of cells.

	Density ($g \cdot cm^{-3}$)	References
DNA	1.4–2.0	[31,32]
RNA	2.0	[31]
Protein	1.22–1.43	[31,33]

doi:10.1371/journal.pone.0067590.t001
