

Table 1. Identification of Total Proteins in *A. baumannii* DU202 Cultured in LB Medium Supplemented with Imipenem

predicted localization (CELLO v 2.5)	membrane-associated fraction	soluble fraction	total
cytoplasm	91	471	487
inner membrane	28	17	35
periplasmic space	67	65	95
outer membrane	51	32	63
extracellular	11	12	19
no. of identified proteins	248	597	699
